FRAMING THE FUTURE OF HOUSING

Last year, Habitat for Humanity New York City and Westchester County celebrated a momentous four decades of building homes and hope. In 2025, we build on that legacy – *framing the future of housing* with renewed vision and urgency.

We're re-framing how we approach our work so we can maximize its powerful ripple effect. Through homebuilding, preservation, tenant-to-ownership conversion, and innovative approaches to scale, we're redefining what homeownership looks like. We are also advancing policies that protect tenure of place, prevent displacement, and keep New Yorkers rooted in their communities. We often talk about the need for bold solutions to the housing crisis. This is what that looks like.

Transformative collective impact is made possible when we frame housing not only as shelter, but as a foundation for stability, equity, and opportunity. Join us as we honor the people and partnerships helping us forge pathways to permanently affordable homeownership – and help us frame the next chapter of housing justice.

To become a 2025 Habitat House Party sponsor and discuss how you can advance our mission along with your individual or company's goals, please contact our Resource Development team at **development@habitatnycwc.org**

We can create bespoke sponsorship packages that integrate the House Party with additional opportunities for support and recognition throughout the year.
